Department of Defense (DoD)
Large underwater surveillance system
Deadline: March 1, 2004

National Science Foundation (NSF)
Emerging Models and Technologies for Computation program
Deadline: March 15, 2004

National Science Foundation (NSF)
Science and Technology Studies program
Deadline: March 15 to August 1, 2004

National Science Foundation (NSF)
Research aimed at improving semiconductor factory and supply chain operations.
Deadline: March 19, 2004

National Science Foundation (NSF)
K-12 fellowships and associated training
Deadline: May 5, 2004

National Science Foundation (NSF)
Chemistry Research Instrumentation and Facilities Program
Deadline: March 18, 2004

National Science Foundation (NSF)
Biogeosciences Program
Deadline: April 1, 2004

National Science Foundation (NSF)
Multidisciplinary research efforts at predominantly undergraduate institutions
Deadline: June 15, 2004
National Science Foundation (NSF)
Research in human and social dynamics
Deadline: March 3, 2004

National Science Foundation (NSF)
Fundamental research in mathematics and statistics
Deadline: April 7, 2004

Department of Commerce
Summer Undergraduate Research Fellowships
Deadline: Open

**Medicine and Public Health**

National Institutes of Health (NIH)
Training programs focused on new interdisciplinary science
Deadline: March 10, 2004

National Institutes of Health (NIH)
Study of botanicals
Deadline: June 15, 2004

National Institutes of Health (NIH)
Health services dissertation research
Deadline: Standard Deadline Dates

National Institutes of Health (NIH)
Primary care practice-based research networks
Deadline: April 13, 2004

National Institutes of Health (NIH)
Cancer relevant technologies
Deadline: Varies
National Institutes of Health (NIH)
Projects to evaluate the usefulness of emerging technologies
Deadline: Varies

National Institutes of Health (NIH)
Assays to assess sample quality
Deadline: Varies

National Institutes of Health (NIH)
Transition career development awards
Deadline: Open

National Institutes of Health (NIH)
Research focused on in vivo cancer imaging
Deadline: Open

National Institutes of Health (NIH)
Studies of neoplastic diseases in humans
Deadline: Open

National Institutes of Health (NIH)
Science Education Partnership Award Program
Deadline: February 12, 2004

National Institutes of Health (NIH)
Aging research
Deadline: May 20, 2004

National Institutes of Health (NIH)
Approaches focusing on drug abuse, HIV/AIDS and other medical consequences of drug abuse
Deadline: March 17, 2004

National Institutes of Health (NIH)
Investigations to better understand the pathogenesis, natural history, therapy and prevention of hepatitis C
Deadline: Open

National Institutes of Health (NIH)
Gene expression atlas of the developing murine genitourinary tract
Deadline: March 18, 2004

National Institutes of Health (NIH)
Research designed to elucidate the epidemiology, etiology, treatment, and prevention of mental disorders
Deadline: Standard Deadline Dates
Scholarships Available for Summer Research Projects in the Biology of Aging
Deadline: February 26, 2004
http://www.afar.org/glenngrnt.html

Women's Sports Foundation Accepting Applications for Homophobia in Sport Project Grant Program
Deadline: Open
http://womenssportsfoundation.org/cgi-bin/iowa/funding/featured.html?record=19

National Institutes of Health (NIH)
Methods to define functional elements in genomes of both human and model organisms
Deadline: March 23, 2004

National Institutes of Health (NIH)
Studies on the genes and genetic and epigenetic mechanisms
Deadline: Standard Deadline Dates

Proposals Invited to Expand Cash & Counseling Program for Elderly and Persons with Disabilities
